

### **AV100 EOD Suit Dryer**

Dry Gear Solutions EOD suit dryer, model AV100, was designed in conjunction with Med-Eng & Allen Vanguard's team to provide safe and effective drying to its EOD suit. In conjunction with developed and researched cleaning nanotechnology, the model AV100 dryer is the only recommended method of cleaning and drying. Any other form of drying and cleaning may compromise the suit's designed integrity. Air management has 2 settings ambient and gently warmed. Heated mode raises temperature by 10 degrees and will not exceed 105 degrees in compliance with NFAP 1851. Portable, on high quality non marring casters. Optional available anti Microbial powder coat finish to help control mold & Bacteria. Factory warranty , 5 years on frame, 2 years on electrical components. Optional available 10 year non prorated extended warranty. 110 Volt, 1250 watts 24"W x 30"D x 68"H
